Garis panduan Menyambut **Hari Raya Aidilfitri** **Semasa Fasa Endemik**

Ubaya-ubaya

Pengendalian acara persendirian di rumah adalah dibenarkan untuk keluarga terdekat sahaja iaitu maksima 30 orang tetamu di rumah persendirian pada satu-satu masa (tidak termasuk tuan rumah) atau 300 orang bagi acara yang diadakan di dewan dengan mematuhi garis panduan kesihatan seperti berikut:

1

Lakukan ART sebelum berkunjung ke rumah ahli keluarga terdekat. Jika ART adalah positif, laporkannya ke aplikasi BruHealth dan asingkan diri di rumah

Amalkan kebersihan tangan
setiap masa

Pakai sungkup muka kecuali semasa
makan dan minum

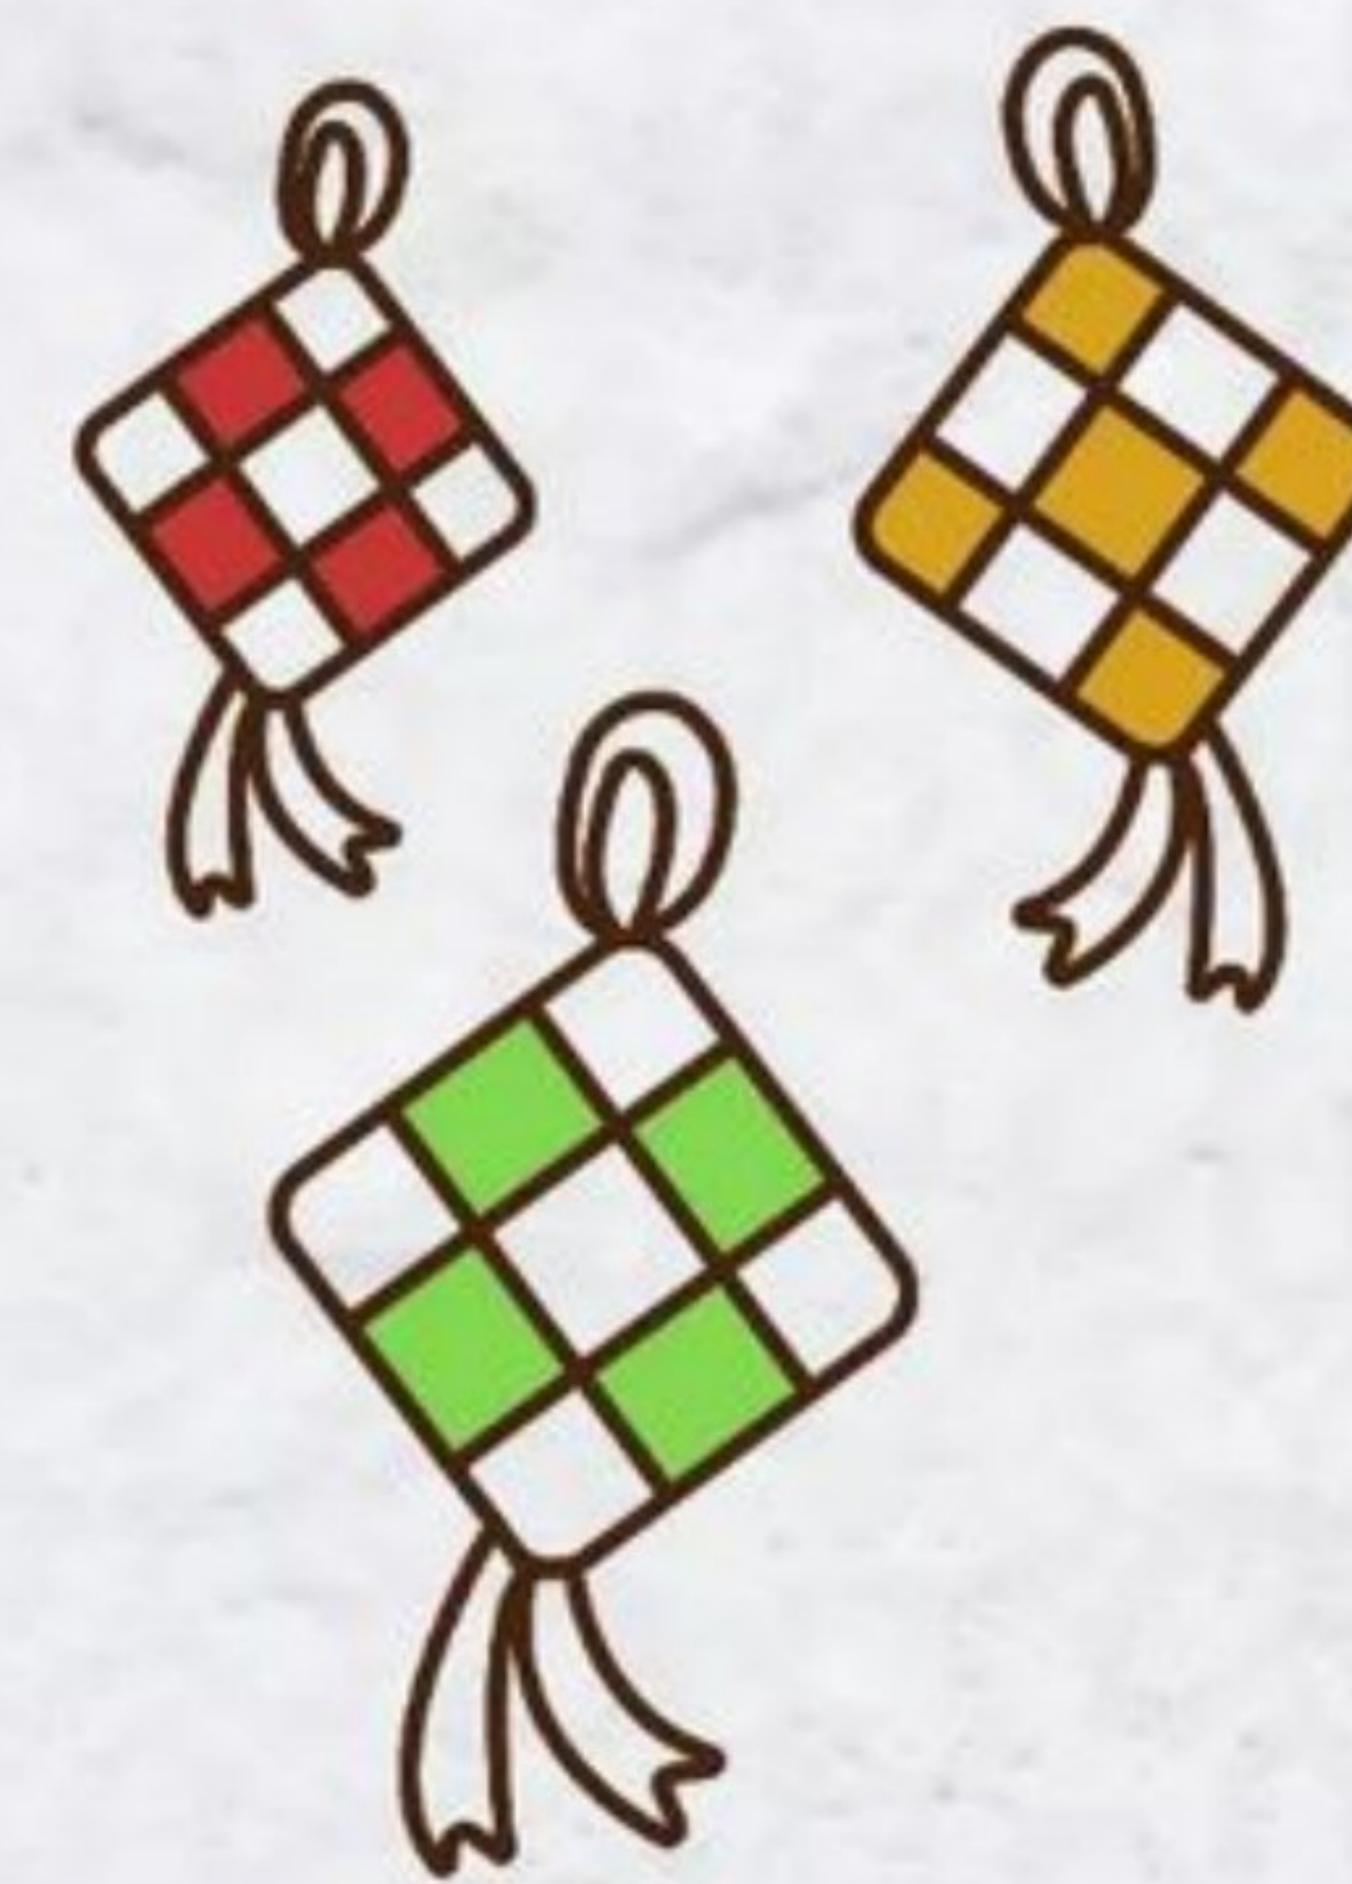

Teranah di rumah jika tidak
berasa sihat

Kunjungan secara berkumpulan
serta bersalam-salaman adalah
tidak digalakkan

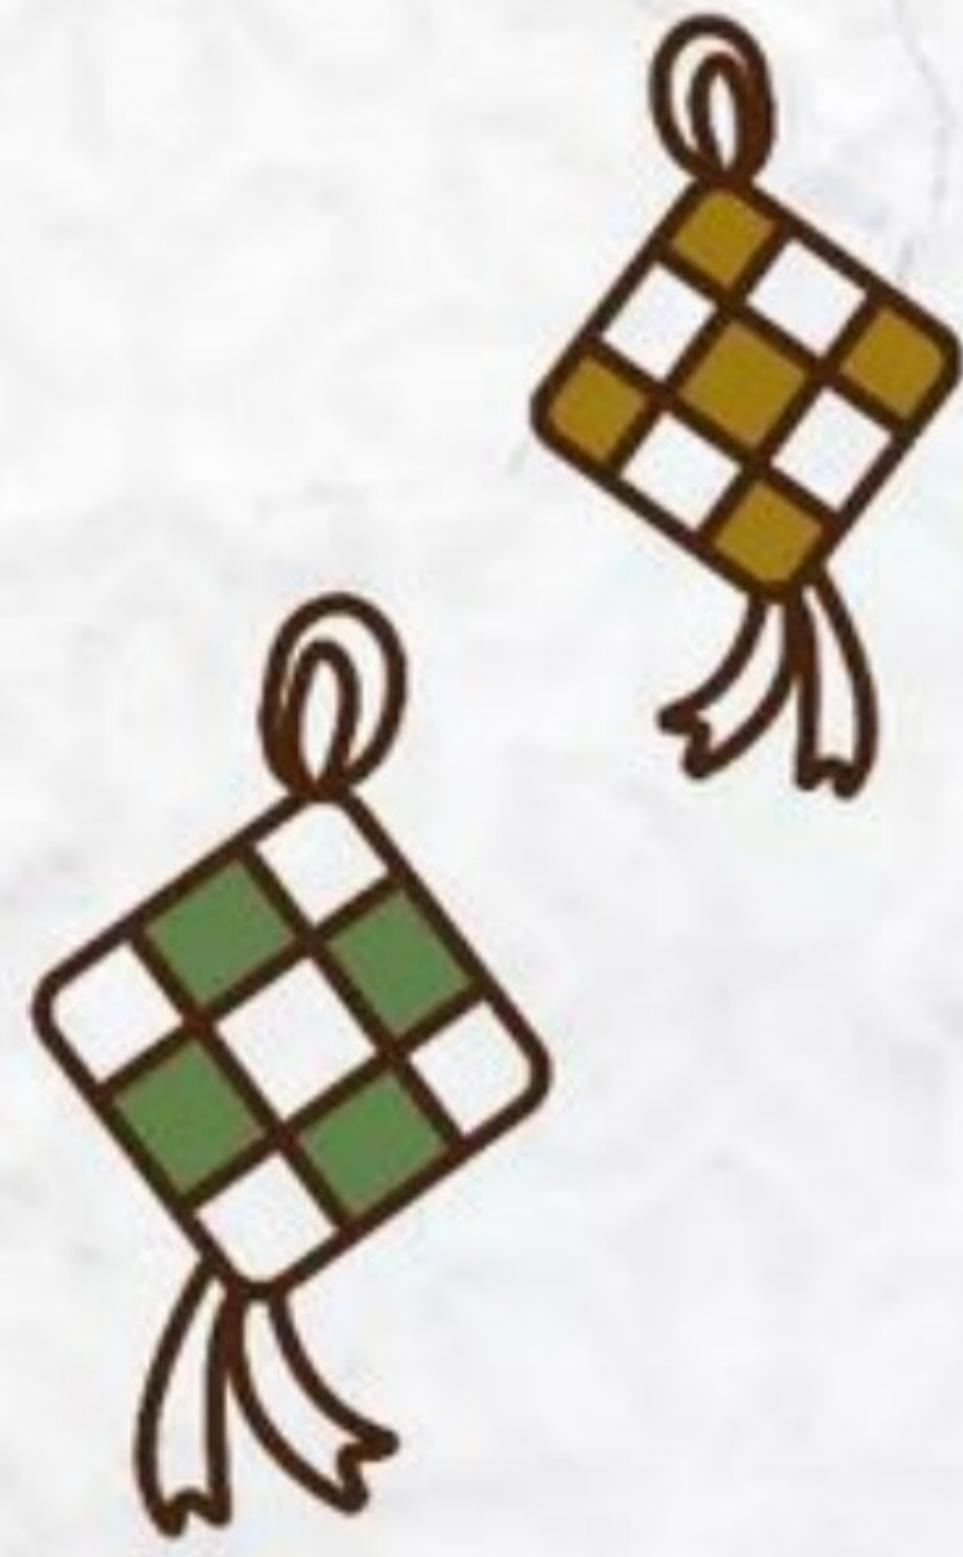

Sama-sama kita melindungi antara satu dengan yang lain di Raya ini, terutamanya bagi individu yang berisiko tinggi seperti warga emas

Guidelines on Celebrating *Eid Aidilfitri* During the Endemic Phase

Private events at home are allowed for close family members only, that is, a maximum of 30 guests at any one time in private homes (not including the host) or 300 people for events held in halls, while also observing health guidelines as follows:

**Perform ART before visiting close family members.
If ART is positive, report it in the BruHealth app
and self-isolate at home**

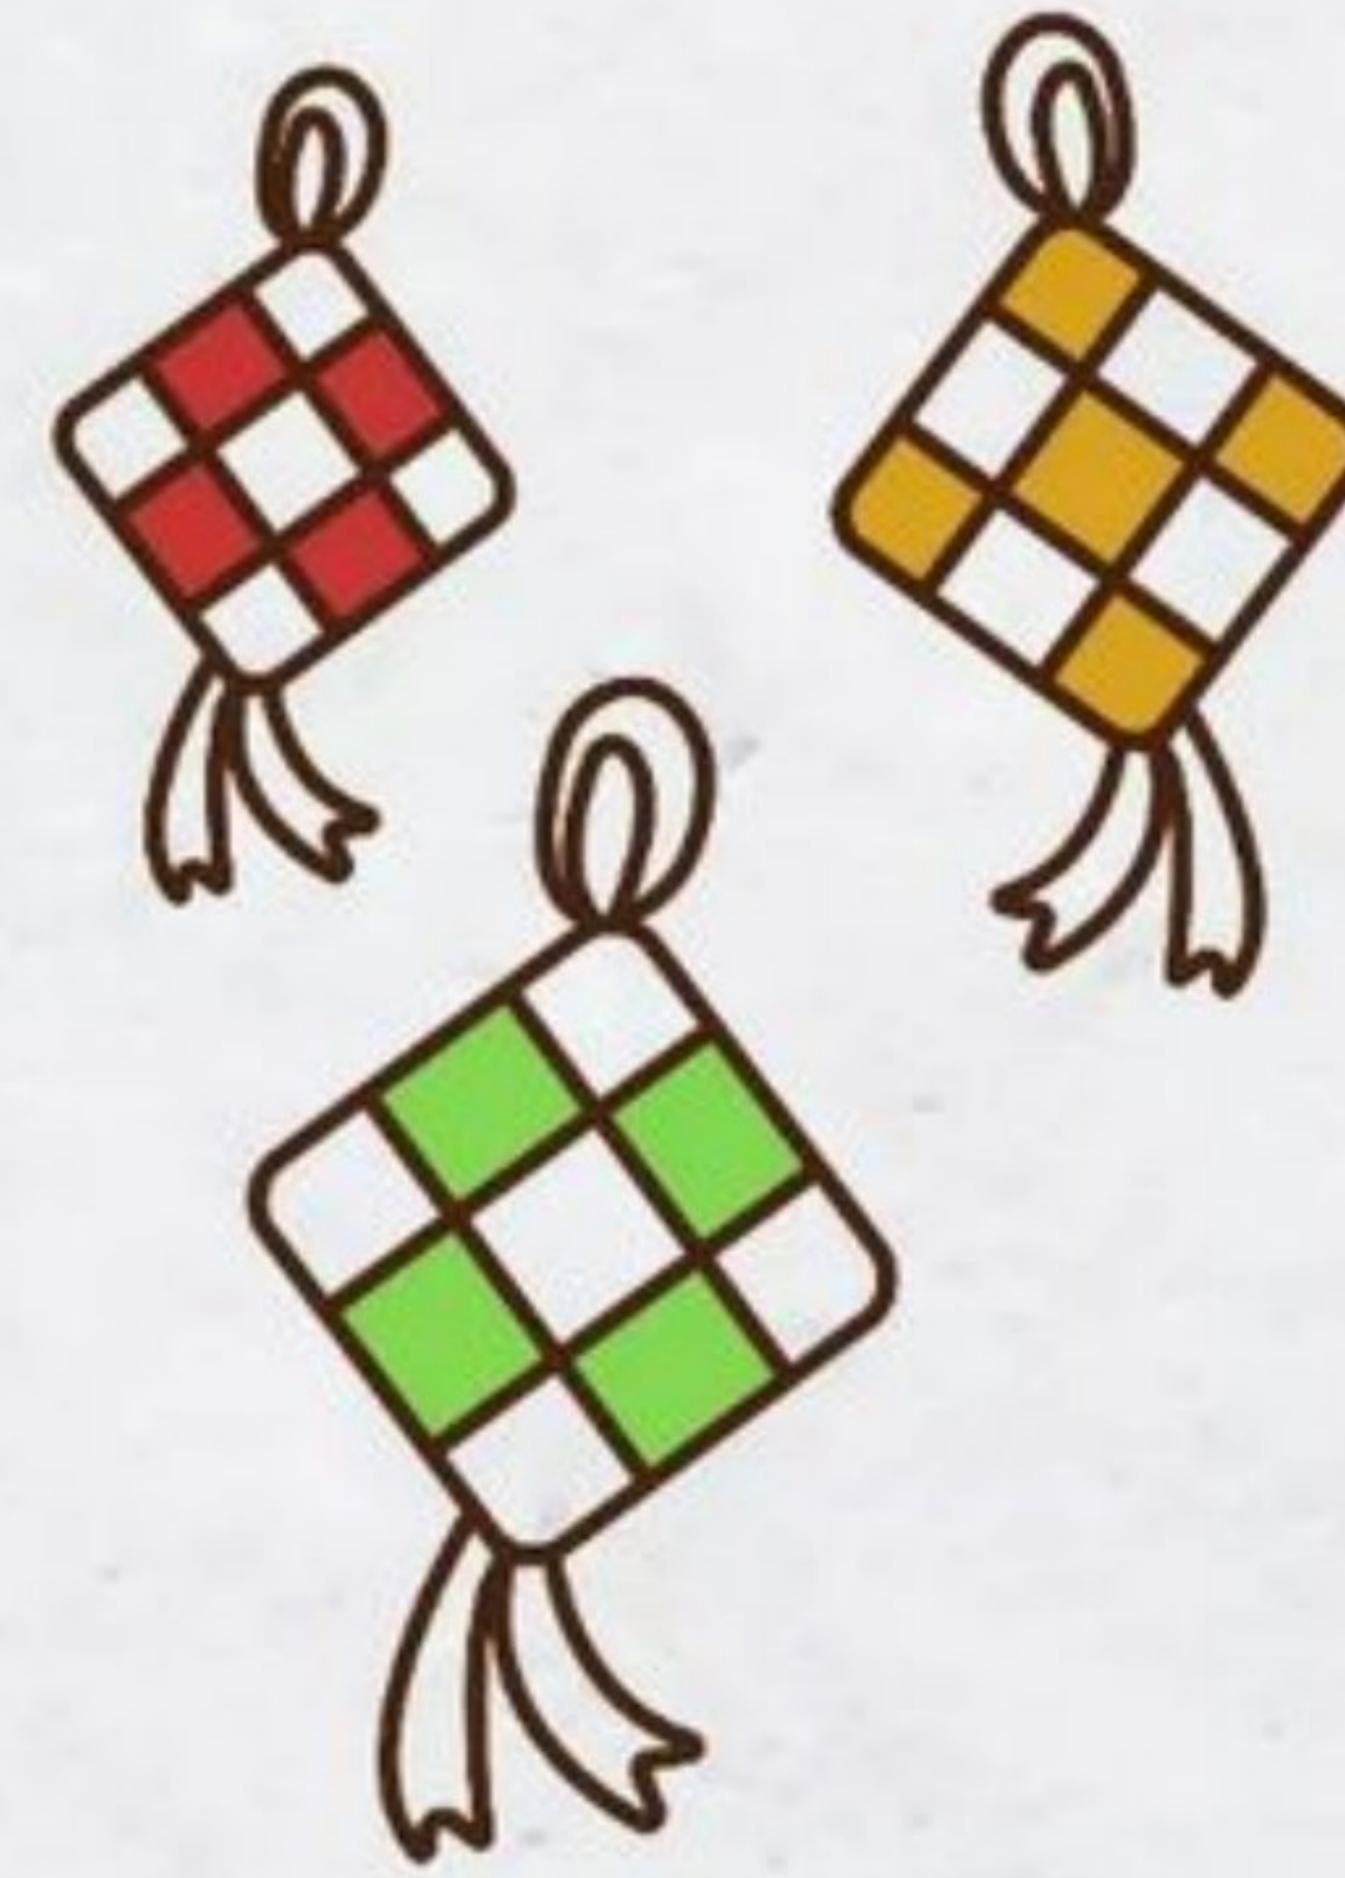

2

Wear face mask except when
eating and drinking

3

Practice hand hygiene at
all times

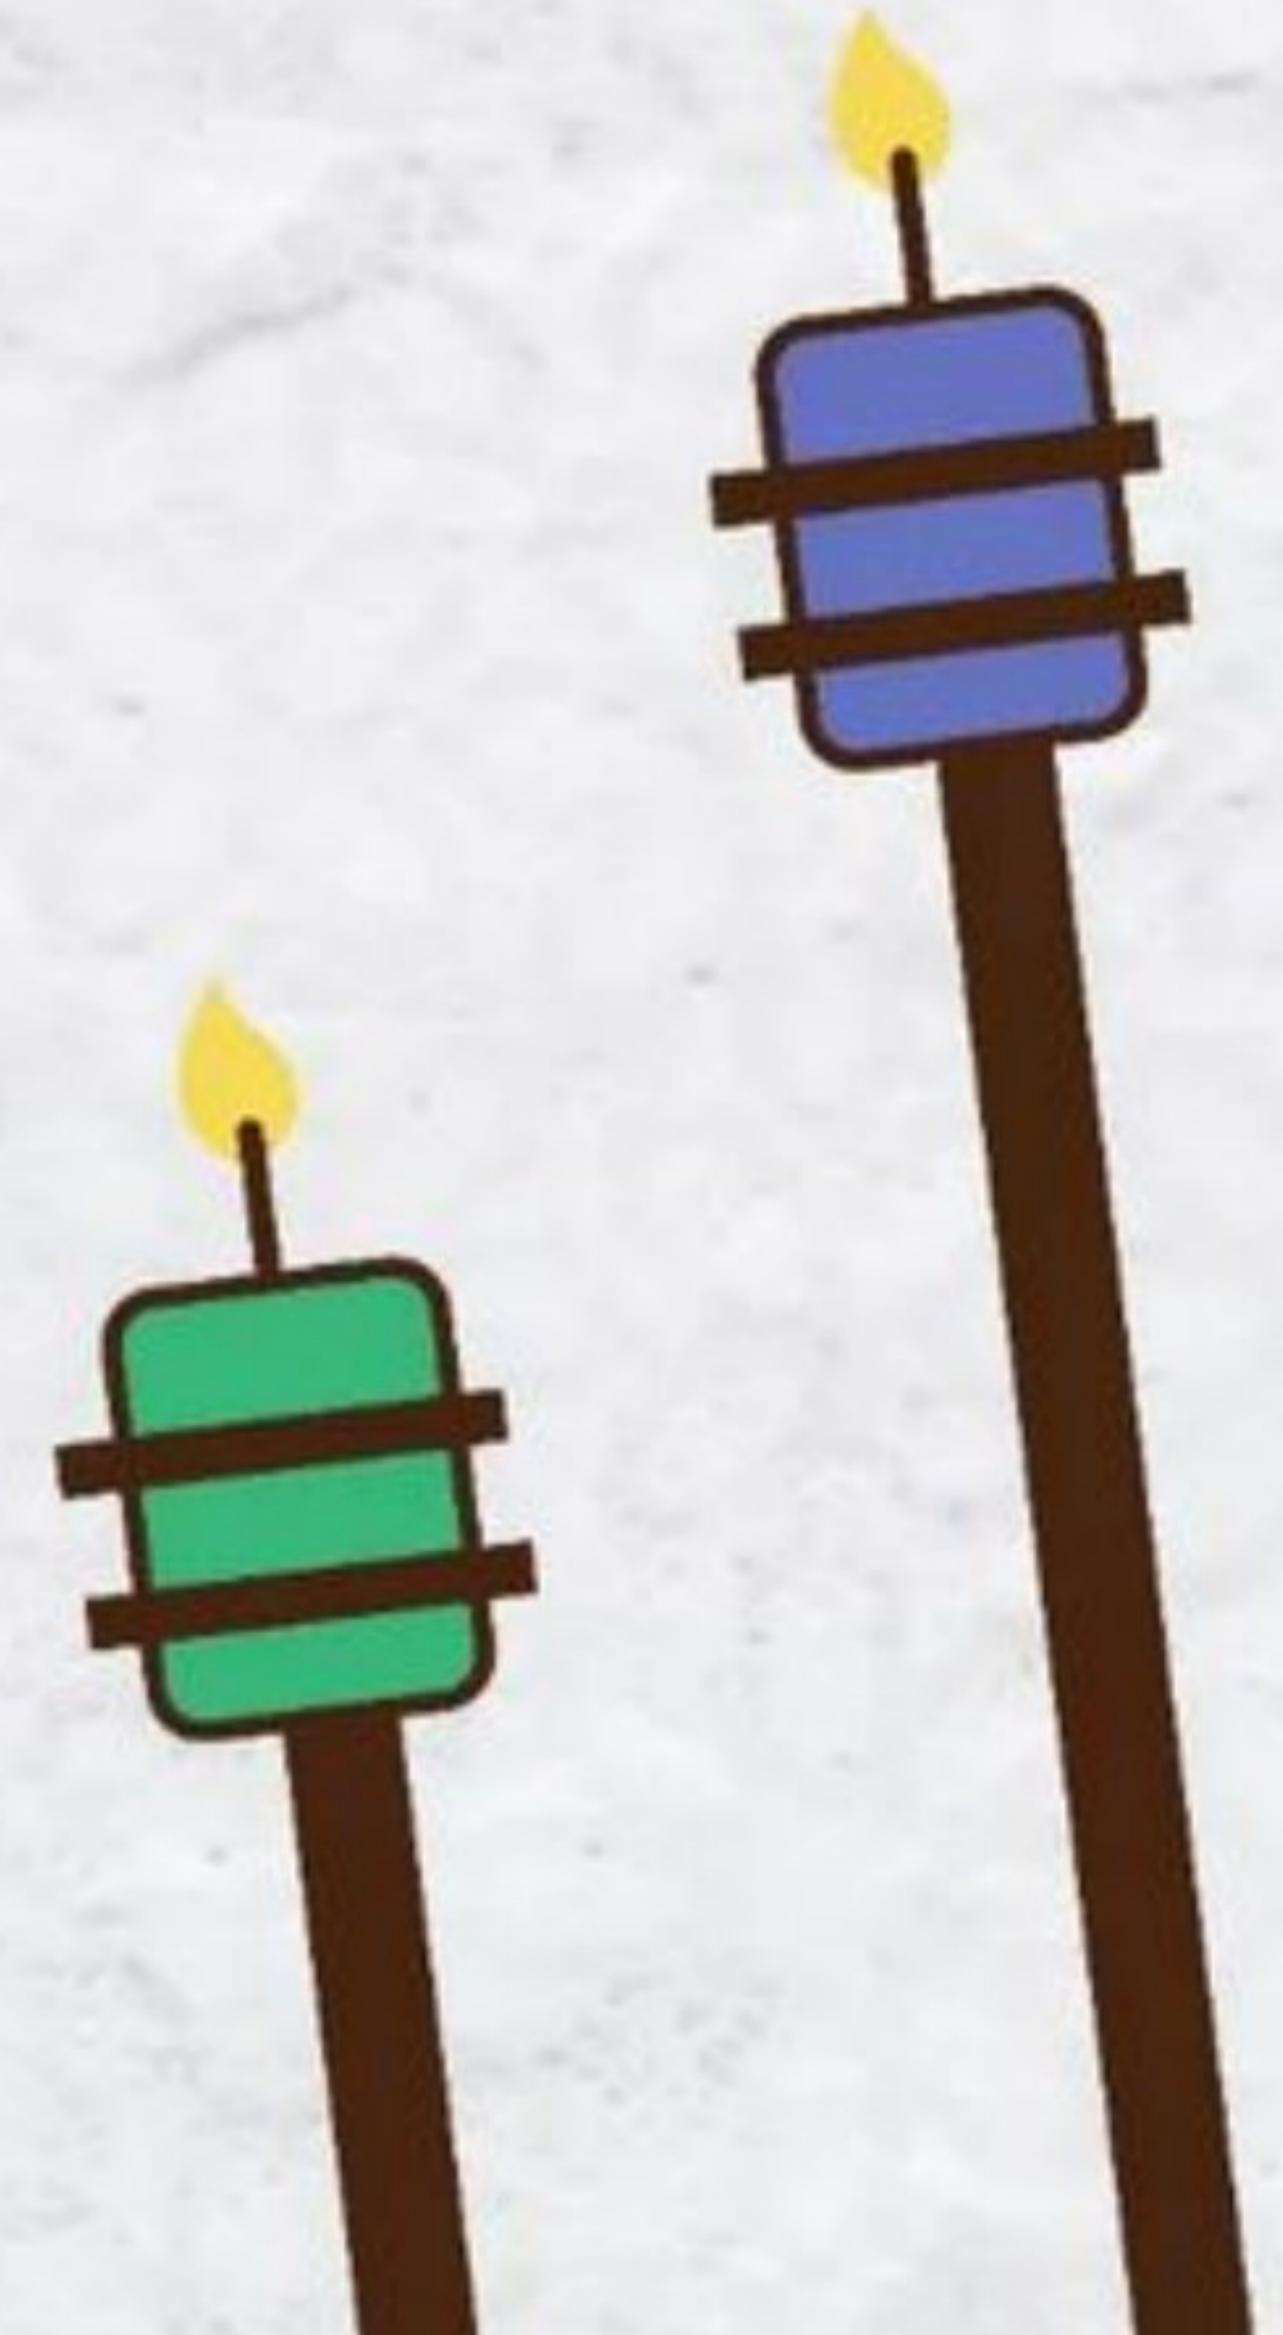

Stay at home if feeling unwell

Group visits as well as
shaking hands are not
encouraged

Let us protect each other this Eid, especially for high-risk individuals such as the elderly.
